Privacy Policy

A. INTRODUCTION

• MakeMyTrip (India) Limited recognizes the importance of privacy of its users and also of maintaining confidentiality of the information provided by its users as a responsible data controller and data processor.

• This Privacy Policy provides for the practices for handling and securing user's Personal Information (defined hereunder) by Goibibo and its subsidiaries and affiliates.

• This Privacy Policy is applicable to any person (‘User’) who purchases, intends to purchase, or inquire about any product(s) or service(s) made available by Goibibo through any of Goibibo’s customer interface channels including its website, mobile site, mobile app & offline channels including call centers and offices (collectively referred herein as"Sales Channels").

• For the purpose of this Privacy Policy, wherever the context so requires "you" or "your" shall mean User and the term "we", "us", "our" shall mean Goibibo. For the purpose of this Privacy Policy, Website means the website(s), mobile site(s) and mobile app(s).

• By using or accessing the Website or other Sales Channels, the User hereby agrees with the terms of this Privacy Policy and the contents herein. If you disagree with this Privacy Policy please do not use or access our Website or other Sales Channels.

• This Privacy Policy does not apply to any website(s), mobile sites and mobile apps of third parties, even if their websites/products are linked to our Website. User should take note that information and privacy practices of Goibibo’s business partners, advertisers, sponsors or other sites to which Goibibo provides hyperlink(s), may be materially different from this Privacy Policy. Accordingly, it is recommended that you review the privacy statements and policies of any such third parties with whom they interact.

• This Privacy Policy is an integral part of your User Agreement with Goibibo and all capitalized terms used, but not otherwise defined herein, shall have the respective meanings as ascribed to them in the User Agreement.

B. USERS OUTSIDE THE GEOGRAPHICAL LIMITS OF INDIA

• Please note that the data shared with Goibibo shall be primarily processed in India and such other jurisdictions where a third party engaged by Goibibo may process the data on its behalf. By agreeing to this policy, you are providing Goibibo with your explicit consent to process your personal information for the purpose(s) defined in this policy. The data protection regulations in India or such other jurisdictions mentioned above may differ from those of your country of residence.

• If you have any concerns in the processing your data and wish to withdraw your consent, you may do so by writing to the following email id:privacy@go-mmt.com.

• However, if such processing of data is essential for us to be able to provide a service(s) to you, then we may not be able to serve or confirm your bookings after your withdrawal of consent. For instance, if you make a booking (flight or hotel), then certain personal information of yours like contact details, gender, dietary preferences, choice of room with smoking facility, any medical condition which may require specific attention or facility etc. may have to be shared by us with our vendors, and they may further process this information for making suitable arrangements for you during your trip.

• A withdrawal of consent by you for us to process your information may:

• severely inhibit our ability to serve you properly and in such case, we may have to refuse the booking altogether, or

• unreasonably restrict us to service your booking (if a booking is already made) which may further affect your trip or may compel us to cancel your booking.

E. HOW LONG DO WE KEEP YOUR PERSONAL INFORMATION?

• Goibibo will retain your Personal Information on its servers for as long as is reasonably necessary for the purposes listed in this policy. In some circumstances we may retain your Personal Information for longer periods of time, for instance where we are required to do so in accordance with any legal, regulatory, tax or accounting requirements.

• Where your personal data is no longer required we will ensure it is either securely deleted or stored in a way which means it will no longer be used by the business.

• In case user wishes to delete their account, they can do so using thisLink.

F. COOKIES AND SESSION DATA

• Cookies

• Goibibo uses cookies to personalize your experience on the Website and the advertisements that maybe displayed. Goibibo’s use of cookies is similar to that of any other reputable online companies.

• Cookies are small pieces of information that are stored by your browser on your device's hard drive. Cookies allow us to serve you better and more efficiently. Cookies also allow ease of access, by logging you in without having to type your login name each time (only your password is needed); we may also use such cookies to display any advertisement(s) to you while you are on the Website or to send you offers (or similar emails – provided you have not opted out of receiving such emails) focusing on destinations which may be of your interest.

• A cookie may also be placed by our advertising servers, or third party advertising companies. Such cookies are used for purposes of tracking the effectiveness of advertising served by us on any website, and also to use aggregated statistics about your visits to the Website in order to provide advertisements in the Website or any other website about services that may be of potential interest to you. The third party advertising companies or advertisement providers may also employ technology that is used to measure the effectiveness of the advertisements. All such information is anonymous. This anonymous information is collected through the use of a pixel tag, which is an industry standard technology and is used by all major websites. They may use this anonymous information about your visits to the Website in order to provide advertisements about goods and services of potential interest to you. No Personal Information is collected during this process. The information so collected during this process, is anonymous, and does not link online actions to a User.

• Most web browsers automatically accept cookies. Of course, by changing the options on your web browser or using certain software programs, you can control how and whether cookies will be accepted by your browser. Goibibo supports your right to block any unwanted internet activity, especially that of unscrupulous websites. However, blocking Goibibo cookies may disable certain features on the Website, and may hinder an otherwise seamless experience to purchase or use certain services available on the Website. Please note that it is possible to block cookie activity from certain websites while permitting cookies

from websites you trust.

• Automatic Logging of Session Data:

• Each time you access the Website your session data gets logged. Session data may consist of various aspects like the IP address, operating system and type of browser software being used and the activities conducted by the User while on the Website. We collect session data because it helps us analyze User’s choices, browsing pattern including the frequency of visits and duration for which a User is logged on. It also helps us diagnose problems with our servers and lets us better administer our systems. The aforesaid information cannot identify any User personally. However, it may be possible to determine a User's Internet Service Provider (ISP), and the approximate geographic location of User's point of connectivity through the above session data.

G. WITH WHOM YOUR PERSONAL INFORMATION

J. PERMISSIONS REQUIRED FOR USING OUR MOBILE APPLICATIONS

- When the Goibibo app is installed on your phone or tablet, a list of permissions appear and are needed for the app to function effectively. There is no option to customize the list. The permissions that Goibibo requires and the data that shall be accessed and its use is as below:
- Android permissions:
- Device & App history:We need your device permission to get information about your device, like OS (operating system) name, OS version, mobile network, hardware model, unique device identifier, preferred language, etc. Basis these inputs, we intend to optimize your travel booking experience, use OS specific capabilities to drive great in-funnel experiences using components of device’s OS, etc.
- Identity:This permission enables us to know about details of your account(s) on your mobile device. We use this info to auto-fill your email ID’s and provide a typing free in-funnel experience. It helps us map email ID’s to a particular user to give you the benefit of exclusive travel offers, wallet cash-backs, etc. It also allows facilitating your Facebook and Google+ login.
- Location:This permission enables us to give you the benefit of location specific deals and provide you a personalized in-funnel experience. When you launch goibibo app to make a travel booking, we auto-detect your location so that your nearest airport or city is auto-filled. We also require this permission to recommend you nearest hotels in case you are running late and want to make a quick last minute booking for the nearest hotel. Your options are personalized basis your locations. For international travel, this enables us to determine your time zone and provide information accordingly
- SMS:If you allow us to access your SMS, we read your SMS to autofill or prepopulate ‘OTP’ while making a transaction and to validate your mobile number. This provides you a seamless purchase experience while making a booking and you don’t need to move out of the app to read the SMS and then enter it in the app. SMS is also used to show a customer upcoming PNR status confirmations.

• Phone:The app requires access to make phone calls so that you can make phone calls to hotels, airlines and our customer contact centers directly through the app.

• Contacts:If you allow us to access your contacts, it enables us to provide a lot of social features to you such as sharing your hotel/ flight/ holidays with your friends, inviting your friends to try our app, send across referral links to your friends, etc. We may also use this information to make recommendations for hotels where your friends have stayed. This information will be stored on our servers and synced from your phone.

• Photo/ Media/ Files:The libraries in the app use these permissions to allow map data to be saved to your phone's external storage, like SD cards. By saving map data locally, your phone doesn't need to re-download the same map data every time you use the app. This provides you a seamless Map based Hotel selection experience, even on low bandwidth network.

• Wi-Fi connection information:When you allow us the permission to detect your Wi-Fi connection, we optimize your experience such as more detailing on maps, better image loading, more hotel/ flights/ package options to choose from, etc.

• Device ID & Call information:This permission is used to detect your Android ID through which we can uniquely identify users. It also lets us know your contact details using which we pre-populate specific fields to ensure a seamless booking experience.

• Calendar:This permission enables us to put your travel plan on your calendar.

• Camera:This permission enables you to use your camera from within the application to upload a new profile picture, upload an image for sharing hotel reviews and also allows you to take videos to upload as video reviews on our application. This permission will also enable you to scan QR codes for easy UPI payments.

• Video/Audio:This permission enables you to upload videos on our application or to submit video reviews of your hotel/property stays and thereby providing you with new ways of providing reviews of your experience on our application. The audio permission enables us to ensure that the video content that you upload has a clear audio in its background.

• Phone Number:We need the permission of access to phone number to provide a seamless login experience, to optimise your travel booking experience and to enable you to obtain UPI services and to prevent fraud in some cases on our application

• IMEI/IMSI:This permission enables us to identifying different users uniquely and helps us to prevent frauds on our application.

• Subscription Information:Your subscription information enables to provide you a seamless experience depending upon your network and to optimise the application’s performance. In addition this also enables us in providing to you the train status even in an offline mode and additionally even in a no network area you can get fully aware of the status of the train you want to search for.

• SIM Serial Number:This permission enables us to read your sim serial number and helps us in authenticating your mobile number for UPI registration. It helps us to ensure that the mobile number you are using is actually present on your device that you are using to register for UPI.

• Bluetooth:This permission enables us to provide you services of the third parties that make available certain features of their products/services on our application. The permission specifically enables our third party service providers whose services you book on the application to permit you to lock and unlock your self-driven vehicles seamlessly.

• IOS Permissions:

• Notifications:If you opt in for notifications, it enables us to send across exclusive deals, promotional offers, travel related updates, etc. on your device. If you do not opt for this, updates for your travel like PNR status, booking confirmation, refund (in case of cancellation), etc. will be sent through SMS.

• Contacts:If you opt in for contacts permission, it enables us to provide a lot of social features to you such as sharing your hotel/ flight/ holidays with your friends, inviting your friends to try our app, send across referral links to your friends, etc. We will also use this information to make recommendations for hotels where your friends have stayed. This information will be stored on our servers and synced from your phone.

• Location:This permission enables us to give you the benefit of location specific deals and provide you a personalized in-funnel experience. When you launch our app to make a travel booking, we auto-detect your location so that your nearest Airport or City is auto-filled. We require this permission to recommend your nearest hotels in case you are running late and want to make a quick last minute booking for the nearest hotel. Your options are personalized basis your locations. For international travel, this enables us to determine your time zone and provide information accordingly.

• Siri:Permission to access “Siri” is required to enable you to make cab bookings through “Siri” on the goibibo app.

• Camera & Photo Library:The access to your camera is required to enable you to be able to click, review and upload your profile photo. Alternately, access to your photo library is required for to enable you to upload an existing photograph as a profile picture.
